AL MAR KNIVES 2006

## AL MAR KNIVES – THE WARRIOR'S EDGE™

In 1979, Al Mar created “Specialty Cutlery” with the introduction of unique designs, produced at quality levels that rivaled custom, hand-made knives. We made the first Tactical folder, which is the forerunner of our SERE 2000™ and we introduced the original Al Mar “Front Lock” into production. **T**oday, we continue to make every “Al Mar” using the finest steels, scale materials and heat treatment available. Our knives are assembled, finished and sharpened all by hand, by craftsmen dedicated to creating the very best knives you can buy.

Gary Fadden  
President

## Shiva™

The Shiva is an original Al Mar design and it is the first Tactical fixed blade we've ever made with a laminated VG-10 stainless steel blade. Laminating the VG-10 between two layers of 400 series stainless steel increases the lateral strength of the blade by upwards of 30% and does so without increasing the weight or bulk. The Shiva has a beautiful tapered tang, contoured and polished black Micarta scales, satin stainless guard and a full grain traditional leather sheath in black. It is the finest quality tactical fixed blade we've ever made.

Product Code:	SV-BM
MSRP:	\$479.00
Steel:	Laminated VG-10 Cobalt Stainless Steel
Blade Length:	5.25"
O.A.L.:	10"
Blade Thickness:	.160"
Weight:	5 oz.
Scales:	Black Linen Micarta
Hilt:	Stainless Steel
Sheath:	Leather (Black)

# SERE Operator™ and the Sheath System

(Survival-Evasion-Resistance-Escape)

Our classic SERE™ design in a fixed blade version, the SERE™ Operator features S30V steel with a full-length perimeter tang for maximum strength. The SERE Operator™ has a synthetic sheath system designed for ambidextrous carry in vertical, horizontal or diagonal modes. It can be customized to be attached on a belt, pack or load-bearing equipment – or just about anywhere you can think of – even inside the waist carry for maximum concealability. The system's extender mounting plate can be easily drilled to allow the user full freedom to customize their attachment point(s). The SERE Operator™ is supplied with the sheath, attachment clip, secondary rubber retainer and extender mounting plate and is one of the most versatile sheath systems available today.

Product Code:	SRO
MSRP:	\$219.00
Product Code:	SRO-S (Sawback)
MSRP:	\$229.00
Steel:	S30V
Blade Length:	5"
O.A.L.:	10.25"
Blade Thickness:	.140"
Weight:	6 oz.
Scales:	Prylon

The extension plate is between the Tek Lok™ and the sheath. It can be removed for more compact carry or additional holes may be drilled in it for a custom application. It is often used when attaching the sheath to other equipment or vehicles.

The rubber "snubber" is for additional security – to keep the knife safely in the sheath under more severe conditions until needed.

# SERE 2000™

(Survival-Evasion-Resistance-Escape)

The SERE 2000™ is world renown as one of the strongest tactical folders in existence. Originally designed by Al Mar and Colonel Nick Rowe in the early 1980's for the U.S. Army's SERE school, today's updated models are stronger, lighter and the most precision versions we've ever made. Available in satin finished VG-10 (S2K) or matte black chrome (S2KB), today's SERE 2000™ features pillar construction, flow through design, dual thumbstuds and our reversible Deep Pocket Clip for discrete carry and delivers the kind of performance you need in the real world.

Product Code:	S2K
MSRP:	\$229.00
Product Code:	S2KB
MSRP:	\$239.00
Steel:	VG-10, Rc 59-60
Blade Length:	3.6"
O.A.L.:	8.5"
Blade Thickness:	.15"
Weight:	6 oz.
Action:	Liner Lock
Scales:	Textured G-10
Clip:	Reversible, Black, S/S

# Mini SERE 2000™

(Survival-Evasion-Resistance-Escape)

World renown as one of the world's finest tactical folders – now made in a smaller, more compact model – the new Mini SERE 2000 is built to the same uncompromising standards as the full size S2K using the same VG-10 Cobalt stainless blade steel. The MS2K incorporates our top mounted, Deep Pocket Clip in black stainless steel, has dual thumbstuds, flow through design and pillar construction.

SERE 2000™

Mini SERE 2000™

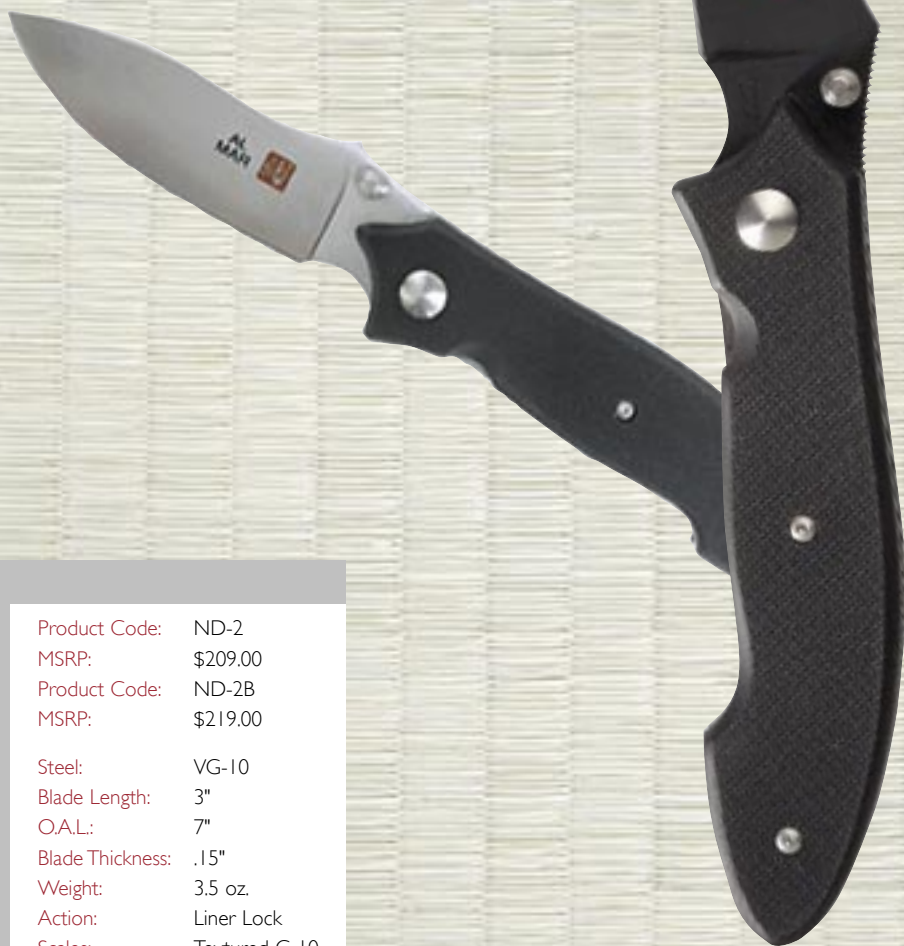

Product Code:	MS2K – <b>NEW</b>
MSRP:	\$219.00
Steel:	VG-10, Rc 59-60
Blade Length:	3"
O.A.L.:	7"
Blade Thickness:	.12"
Weight:	3.5 oz.
Action:	Liner Lock
Scales:	Textured G-10
Clip:	Reversible, Black, S/S

# Nomad

The Nomad is our slightly smaller tactical folder. It features textured black G-10 scales, a flat ground 3" VG-10 stainless blade with dual thumbstuds, heat treated 400 series stainless steel liners and heavy duty liner-lock as well as our pillar construction and flow through design. Designed by Kirk Rexroat.

The Nomad is available either in satin stainless or black chrome-plated versions.

Product Code:	ND-2
MSRP:	\$209.00
Product Code:	ND-2B
MSRP:	\$219.00
Steel:	VG-10
Blade Length:	3"
O.A.L.:	7"
Blade Thickness:	.15"
Weight:	3.5 oz.
Action:	Liner Lock
Scales:	Textured G-10
Clip:	Black S/S

# Shrike™

The Shrike has our heavy duty liner-lock system, pillar construction and flow through design just like our SERE 2000™ and Nomad for maximum performance. The ergonomic design with its flat ground trailing point blade is as versatile as it is comfortable. The Shrike™ features dual thumbstuds and stainless steel pocket clip. Designed by Kirk Rexroat.

Product Code:	SKE-2G
MSRP:	\$209.00
Steel:	VG-10
Blade Length:	4"
O.A.L.:	8.5"
Blade Thickness:	.120"
Weight:	6 oz.
Action:	Liner Lock
Scales:	Textured G-10
Clip:	Black S/S

# New All Stainless Steel Ultra-Chef™ Knives

Our new All Stainless Steel Ultra-Chef models are modern in design and state-of-the-art in performance. The one piece ergonomic, hollow, all stainless steel handles are not only visually stunning and perfectly balanced, they are also impervious to just about everything found in today's kitchen environments. Each blade is 33 layers of stainless steel with the center cutting layer made of VG-10 Cobalt stainless steel which is heat treated to a Rockwell c-scale hardness of 60-62. Strong and light in weight, each knife is hand sharpened to an incredible edge. Each knife is individually gift-boxed.

### OUR LIMITED LIFETIME WARRANTY:

All new “Al Mar” models manufactured since January 1998 carry our limited lifetime warranty. This warranty covers materials and workmanship for the life of the knife. This warranty is to the original owner of the knife only. Al Mar Knives will, at our option, repair or replace any knife covered by this warranty that we have determined to be defective. The owner must return the knife with a copy of the original bill of sale or other satisfactory proof of purchase that includes the date of purchase. This limited lifetime warranty specifically does not cover abuse, neglect, misuse or lack of maintenance. Broken blade tips are specifically not covered by our warranty. A broken tip is the most common form of abuse. Any modifications and/or disassembly will void this warranty. Only authorized Al Mar Knives personnel can make warranty determinations on our products. All knives should be mailed to: AMK, PO Box 2295, Tualatin, OR 97062. Please include a description of why the knife is being returned, your return address and a daytime phone number.
